

# SWIP / ABOUT SWIP

Quarter 4 2011

Professional client use only – not for retail clients.

## SWIP: The bigger picture

Created in 2000, SWIP quickly became one of the largest and most dynamic asset management companies in the UK. In total, SWIP manages £137bn worth of funds, as at 30 September 2011.

SWIP is the centre of excellence for Lloyds Banking Group's asset management activity. SWIP also manages assets for a wide range of institutional clients as well as running its own range of funds.

## SWIP's clients

SWIP has a broad client base, managing assets for Pension Funds, Charities, Local Authorities, Discretionary Managers and Financial Advisers. SWIP's product range includes Life Funds, Unit Trusts, OEICs, Off-Shore Funds and Specialist Funds across a wide range of asset classes.

- ▶ SWIP has a global presence with a geographically diverse customer base with alliances, joint ventures and clients in the UK and overseas.
- ▶ SWIP manages life assurance, pension and investment funds for Lloyds Banking Group.
- ▶ SWIP also offers its own branded range of funds via the IFA market place.
- ▶ SWIP has dedicated UK institutional and international business teams and has built up an international offering for institutional investors and fund platforms.

## How to invest

Platforms and fund supermarkets are an important part of the SWIP wholesale sales strategy. SWIP's funds are available on all the main IFA fund platforms and are available to the public directly via platforms such as Interactive Investor and Square Gain. SWIP does not have a direct-to-retail investor offering but rather encourages direct investment via Independent Financial Advisers. Prices of all SWIP funds are listed daily on [www.swip.com](http://www.swip.com)

SWIP's retail funds are available as ISA investments. SWIP does not offer its own ISA wrapper, and investors should contact their Independent Financial Adviser if they are interested in SWIP's range of retail funds. Investors who do not have an IFA can find one at [www.unbiased.co.uk](http://www.unbiased.co.uk)

## What makes SWIP different?

SWIP aims to provide every investor with consistently superior returns on their investment by adhering to a robust research-driven investment philosophy. SWIP invests from the bottom up, using its best ideas. SWIP's bottom-up investment process is driven by focused, quality research. SWIP believes in identifying undervalued stocks through vigorous fundamental research and by adopting a five year forecast.

- ▶ All fund managers within the investment teams have combined fund manager and analyst roles. The decision-making chain is short and fund managers are accountable for the whole investing process.
- ▶ Teamwork is vital within SWIP – the fund management teams get together to challenge the investment case for each holding, leading to the creation of conviction portfolios which have a significant bias away from the benchmark. SWIP does not see any value for investors in running active portfolios that mirror the benchmark – each stock that is held is expected to make a difference to the portfolio.
- ▶ SWIP offers a diverse range of investment services meeting even the most specialist investment needs for private and corporate investors.

## Global coverage

The global nature of SWIP's business is reflected in the markets it invests in, its client base and also in the geographical spread of its business operations.

This international dimension serves to heighten its interest and awareness of global investment issues and enhances SWIP's ability to manage client relationships on a global basis.

## Product range

SWIP has a broad product range to meet the needs of its institutional and wholesale client base. Its innovative product development capability means it can tailor a solution that meets individual client requirements.

The SWIP product range is broken down into four main business units; Equities, Fixed Income, Real Estate and Investment Solutions.

### Equities:

#### UK Equities

Managing UK equities is a key part of what SWIP does. SWIP's UK equities team is headed by Peter Cockburn. SWIP's status as a leading investor also provides extensive access to company management, which helps the team make better informed decisions.

#### International Equities

SWIP's International Equities team invests across global, Japanese, European, US and emerging markets equity funds. The team is headed up by Mike McNaught-Davis who has over 22 years' experience in these markets.

### Real Estate:

SWIP manages commercial property assets worth £8.13bn billion across the UK, Europe and North America, making SWIP one of Europe's largest real estate managers. SWIP offers a range of direct and indirect property funds that invest in the UK and overseas, offering an attractive range of options to anyone looking to invest in commercial property. SWIP's highly regarded Real Estate team of more than 37 investment professionals is led by Malcolm Naish.

### Fixed Income:

Fixed Income and Global Bonds are key areas of expertise for SWIP. Under the leadership of Mark Connolly, SWIP manages over £72 billion in fixed income and cash assets, and offers a range of strategies with different risk/ return profiles to suit its clients' needs. SWIP offers a comprehensive range of bond funds, including high-performance corporate bonds, gilt, global bonds and high-yield funds.

### Investment Solutions:

Investment Solutions was created as a standalone business unit in September 2009. Put simply, the Investment Solutions business designs, builds and implements investment packages for clients with complex investment needs.

### Multi-Manager

SWIP's highly regarded Multi-Manager team, led by Mark Harries, forms part of the Investment Solutions team within SWIP. The team works together to run SWIP's multi-manager portfolios and has a proven record of selecting high quality managers across different asset classes and delivering consistent returns for investors.

Scottish Widows Investment Partnership Limited (SWIP) is registered in England and Wales, Company No. 794936. Registered Office is at 33 Old Broad Street, London EC2N 1HZ. Tel: 0131 655 8500.
